

O Virgin Mary

Almighty God has descended into you
and your existence has touched eternity.
The divine life, which you welcomed,
has filled you with bliss.

The immensity of God fills with goodness
those who await and welcome him,
in every time and in every place.

Who does injustice,
acts as a bully and feels rich,
it finds destruction, failure and misery.

Whoever lives humbly, overcomes obstacles
and strives every day to search for bread,
to be right, to point the way and the truth,
obtains blessings and help from God.

In your virginal womb
God has placed the promised salvation
to Abraham and his descendants.

God chose you because you
manifest to every man and woman,
who chooses to become your son and daughter,
his eternal mercy.
